Dear Bill:

Reference is made to my letter DPD-3294-59 dated 15 May 1959 regarding equipment under Contract No. SC-990 (AF33(600)-35906).

Further investigation of the Contract reveals that the Splicer and Filter Boards (26 Filter Boards and 13 Splicer Boards) are being retained by HR&B for in-plant repair of equipment returned to them for that purpose.

Therefore, it is requested that the necessary paper work to receive the equipment under Contract SC-990 and transfer to SC-991 (the T&M Contract) as GFP be initiated.

A copy of the HR&B letter stating they are retaining the boards is enclosed.

Sincerely,

[Signature]

Dan
